The Creative Competition

Medium: Digital Images only

Class: Combined

Judge: Club Members

Award: Digital Image

Creative photography is an extension of conventional photography into creative art. They are images that have been modified during or after exposure above and beyond simple manipulation. The purpose is to stimulate creative thoughts and encourage experimentation with new ideas.

There is no limit to when the components of the image were taken, however, the creation will have been constructed for the current season.

The Albright Award

Award: Best Print or Digital Image

The current President will select the best contemporary image from all images shown during the year, in any format, for this award.

The Kevin Wilcock Award

Award: Best Natural History Print

The Competition Secretary will propose three Natural History prints, from all the prints shown during the year, for the current President to select the winner.

Natural History Images are to be of any living fauna or flora, must be the main focal point of the image, and should convey the essential truth of what the photographer saw at the time it was taken. *(Please be aware that the WCPF and other organisations use a more restrictive definition.)*

All AVs must be capable of running on the club computer, without the need of additional software. (*see Page 8 Paragraph 1 for image size and projection.*)

The John Evans Competition (Rose Bowl award)

Medium: Prints only
Category: Combined

Award: Print

The Rose Bowl was presented to the club to commemorate a former "Evening Advertiser" Chief Photographer. The judging will alternate between the Swindon Advertiser (even years) and the Mayor of Swindon (odd years). (*Note that the Advertiser likes journalistic images, but the Mayor prefers strong reference to Swindon.*)

Images must have been taken on or after the 1st January in the year preceding the competition, and within a ten-mile radius of Regent Circus, Swindon.

A member may submit up to 10 images to this competition.

Series Competition

Medium: Prints & Digital Images
Category: Combined
Judge: Club Members
Awards: Prints
Digital Images

A series is defined as a sequence of images with some form of link discernible by the viewer.

Prints: Each series of related images may be of 3,4,5 or 6 prints. *(These may be presented all on a single mount or individually.)* There is no restriction on mount size provided the mount is not so large that it would be difficult to display for judging. *(Members are asked to act reasonably as regards this issue).*

Members will be responsible for laying out their own prints for the competition in such a way as they intend the series to be viewed.

Digital: A sequence of between 4 and 8 images submitted together and named using a sequential 1 digit number starting at 1 followed by a space and the series title.

e.g. "1 Winning Images.jpg"
"2 Winning Images.jpg"

A black divider image will be provided at projection time to start and end the sequence *(these will be images sequence 0 and 9).*

(For projection we will use Faststone software, for a period of 6 seconds each, with a Transition Effect of "Fade In and Out" and an Effect Duration of "5:Longest".)

GENERAL COMPETITION RULES

A member cannot vote for their own entry in any competition.

All images submitted for club competitions and/or exhibitions must have been taken by the member, and the copyright owned by that member. Composite images are permitted provided all component images meet this requirement.

Whilst all care will be taken when handling entries, the club cannot be held responsible for the loss or damage to members' entries.

An image can only be entered in a Monthly competition twice. All internally judged competitions are excluded, as is the Annual Exhibition which has its own rule.

Competitions may have a Combined Category, or a Primary and Advanced Category, which allows judging in some competitions to take experience into consideration *(as specified in the rules for each competition).*

The medium for entries for competitions will be print or digital images *(as specified in the rules for each competition).*

For all competitions, unless otherwise specified, each member can enter up to three entries per medium.

The closing date for "External" judged competitions is published in the Programme. For "Club Members" judged competitions all digital entries must be submitted 7 days in advance, whereas prints can be brought on the night of the competition before the club starts.

In the event that a competition is oversubscribed, the entry number may be culled to ensure the total entry is reasonable to be displayed in one evening. This culling will start at the member's lowest choice, however at least one entry from each member *(their first choice)* will be shown.

Swindon Photographic Society Constitution & Rules

The winner and runners-up of the Monthly Competition Primary Category move to the Advanced Category for the following year.

When a Primary member scores 5 or 6 points for any image in a monthly competition on at least 6 occasions over any period of time, they will move to the Advanced Section for the following year.

A member moves to the Advanced Category for the following year if that member wins two Annual Exhibitions in different seasons.

Any member may request to change their Category, up or down, by applying to the Competition Secretary two weeks before the proposed change, who will assess their previous work/scores before making a decision. Any changes will be effective from the next competition entry date if the member has not previously submitted work that season, or from the start of the next season if they have already submitted work that season.

Once an image has been submitted to any club competition, the same image cannot be resubmitted to any future competition using a different title.

Members are on their honour to observe any time restrictions set out in these rules.

Any image submitted for competition may also be displayed on the club website or in other ways deemed appropriate for club publicity. The copyright of the image remains with the author.

Any image submitted for club competition will be considered for battles with other clubs, and the author's consent for this use will be assumed to have been given. The copyright of the image remains with the author.

The Battle Secretary will select the images to be used in battles, based on the specific battle criteria and the best images to represent the club. *(Not all images submitted will be selected for battles.)*

Images that break the size rule will be excluded from the competition. *(It is the photographer's responsibility to ensure the image is of an appropriate size.)*

Colour Space/mode: SRGB, 8 bit.

File Format: Only .JPG files are acceptable.

Apart from the Series Competition, image files must be named using a sequential 2 digit number (denoting the order of preference) followed by a space then a short title (maximum length 30 characters) finishing with an underscore (“_”), the photographer's name, a space then “A” (advanced) or “P” (primary) denoting the Category.

e.g. “01 The Beginning_John Start A.jpg”
“03 The End_James Last P.jpg”

(Please note the only keyboard characters to be used in the filename are numbers between 0 and 9 and letters A to Z i.e. no hyphens quotes commas etc. except as required above)

(If an image is submitted as a copy of a print entered into the print competition, please replace the initial 2 digit number with the letter “P”).

(Digital images are submitted by attaching them to an email and sending them to swindonps@gmail.com The email subject line must start with SPS followed by a space and the Competition Title and Photographer's name, to avoid the spam filter. All entries will be acknowledged.)
