

The photographic side of the Club has progressed and the Exhibition held in 1934 was an outstanding success. A notable achievement was that for the first time in the history of the Club the principal awards were won by a new member and we should like to congratulate Mr. R. Silvey on his success. The programme carried out during the Winter months was as follows:-

Another notable event in the history of the Club was its affiliation to the Western Counties Photographic Federation. The W.C.P.F. held a Salon at Bristol in May and several of our members had photographs accepted. The W.C.P.F. should still further enhance the interest of our members in photography.

At the end of the year we were notified by our President, Canon E.H. Goddard, that he felt the time had come for him to resign, especially as he was leaving the district and going to live near Devizes. Canon Goddard was elected President in 1912 and during his long term of office has always had the welfare of the Club at heart. His resignation will be greatly regretted by all the members.
